

ESET® NOD32® Antivirus version 3.0 - Business Edition

ESET NOD32 Antivirus Version 3.0 Business Edition is a highly effective security solution designed to protect business computers from a wide range of malware and other threats. Using advanced ThreatSense® technology, ESET NOD32 Antivirus detects future threats proactively, minimising the window of vulnerability left open by traditional signature-based detection. Its low resource utilisation and small footprint make it very efficient, even on older hardware, yet it supports the latest operating systems and 64-bit processors. ESET NOD32 Antivirus detects and disables viruses, trojans, worms, spyware, adware, phishing attacks, rootkits and other Internet threats that may pose a security or financial threat to businesses. Its comprehensive and proactive protection is unrivalled, yet it also has a very small system footprint — improving performance and conserving bandwidth.

The included ESET Remote Administrator provides centralised deployment and management, and scales easily from small offices to enterprise-sized networks.

Key Benefits

| | |
|-----------------------|--|
| Proactive Protection | Award winning ThreatSense technology combines advanced heuristics and malware signatures to deliver the best Zero-Day protection. |
| Precise Detection | Accurately identifies known and unknown threats. Consistently wins top awards from testing labs and recognized for having zero false positives.* Businesses will bypass false alarms that cause confusion, loss of time and resources. |
| Lightweight | Built to ensure fast system startup, utilising less system resources than competitors. More room for other business applications to run, increasing employee productivity. |
| Fast | Highly optimised code ensures file scanning and updates are quick and efficient, maximizing work performance. |
| Remote Administration | Ensures hassle-free installation, centralized administration and seamless updating within a network environment. Five users to the hundreds of thousands can be managed through Remote Administrator saving resources, time and money. |

Best Detection

- ESET is the leader in proactive threat protection, with more Advanced+ awards for superior threat detection than any other vendor since May, 2005 *
- ThreatSense® technology detects around 70% of new, unknown, threats heuristically – before a signature update is available. ESET finished in first place, detecting almost 30% more than the runner-up **
- ESET ThreatSense is the only antivirus technology that has not missed a single In-the-Wild virus in rigorous Virus Bulletin VB100 testing since May, 1998 ***
- ESET has the only product with zero false positives in retrospective tests conducted by AV-Comparatives ****

Fastest Performance

- 75% lower impact on file access time than the industry average ***
- 30% faster than the industry average *

Minimal Resource Utilization

- Optimized engine uses approximately 38 MB memory on average
- Uses less than 80 MB (100 MB if mirror feature is enabled)

Documentation

The product comes with the following documentation:

- Product Quick-Start Guide (PDF for download)
- Operating System Integrated Help (F1-key)

System Requirements

| | |
|----------------------------|--|
| Processors supported: | Intel® or AMD® x86 & x64 |
| Operating Systems: | Microsoft® Windows® 2000 Microsoft® Windows® XP (32 & 64-bit editions) Microsoft® Windows® Server 2003 (32 & 64-bit editions) Microsoft® Windows® Server 2008 Microsoft® Windows Vista® (32 & 64-bit editions) |
| Memory: | 33 - 38 MB, on average |
| Disk Space (download): | 16 MB |
| Disk Space (installation): | 80 MB (100 MB if mirror feature is enabled) |
